## HISTORICAL SKETCH OF CAMDEN

First Explorer—Capt. George Weymouth, May, 1605. First White Settler—James Richards, May 1769. Incorporated as Town of Camden in February 1791, the twenty-second town incorporated in Maine.

Population 331. 40 pounds raised for roads, 5 pounds raised for schools.

Town of Rockport separated from Town of Camden in 1891. Same town boundaries from 1891 to date.

Name of Camden given to early settlement either in honor of Charles Pratt, Earl of Camden, a friend of the colonies, or from town of Camden, England, native place of the Metcalf family who were among the early settlers.

**NOTICE TO TAX PAYERS****Sec. 70, Chapter 13, Revised Statutes 1930**

Before making an assessment, the assessors shall give seasonable notice in writing to the inhabitants by posting notifications in some public place in the town, or shall notify them, in such other way as the town at its annual meeting directs, to make and bring into them true and perfect lists of their polls and all their estates real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner after such notice does not bring in such list, he is hereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

# *State Auditor's Report*

---

Augusta, Maine, February 22, 1937

To the Inhabitants of the Town of Camden:

This is to certify that we have audited the accounts of your Treasurer, Tax Collector and Town Manager for the year ending February 15, 1937, which to the best of our knowledge and belief have been correctly kept.

We submit herewith a comparative balance sheet, reports of the Treasurer and the Tax Collector, Summary of Accounts, Proof of Net Debt, Cemetery Trust Funds, Bond Account and Accounts Receivable. In the Cemetery Trust account we find \$5,000 of National Bondholders Corporation Central Funding Series B Participation Certificates on which the interest has been defaulted. We understand these bonds were purchased with the approval of the Board of Selectmen and the cashier of the Camden National Bank. At the present time the town has received \$1,500.00 from the Bondholders Protective Committee which leaves \$3,500.00 still due. The market value on the remaining \$3,500.00 as of today is \$1,825.00. We feel there will be very little loss, if any, on these bonds.

We wish to thank the town officials for their kind cooperation during the audit.

Respectfully submitted

By F. L. ELLIOTT

By M. A. NAPOLITANO

State Department of Audit

# RUINS OF CAMDEN ANCHOR WORKS

After Fire of 1935

Purchased by Town of Camden in 1936

During the winter months, with funds furnished by Mrs. Mary Louise Bok, this property is being prepared for future development.

The town has shown its appreciation of Mrs. Bok's interest in this project by its action taken at the town meetings.

### CAMDEN HILLS PROJECT

From November, 1935, to August 1, 1936, under Resettlement Administration, with a C. C. C. camp in Camden, and with a W. P. A. labor camp in Lincolnville.

Work accomplished in Camden by the C. C. C. organization has been, for the most part, improving their own quarters by landscaping, water supply and sewerage minimizing the fire hazard by trimming slash on about 1,000 acres of Park property, 10 miles of hiking trails built and 2½ miles of ski trails laid out, and the development of the "Day Use Area" between the State Highway and the shore on the Heublein estate. Plans have already been approved for the development of an Auto Trailer Camp on the "tableland," to be started early in 1937.

Most of the work accomplished by W. P. A. has been in the town of Lincolnville.

On August 1, 1936, National Park Service replaced Resettlement Administration in the management of the Camden Hills project.

Since August a considerable amount of money has been expended locally for supplies.

At present 46 Camden men are employed on this project, and 16 non-resident men and women have either moved their families to Camden or are paying board in this town.

Of the 29 owners of property under option by the Government, 13 have already received their checks, 5 more transactions will be completed in the next few weeks, and the 11 remaining options will be paid for as soon as the titles can be cleared.

## **IMPROVEMENT OF ROADS AND BRIDGES**

### **1932 to 1937**

#### **Highway Route No. 1**

3.1 miles surface treated gravel rebuilt with bituminous macadam by State Highway Commission in 1933 and 1934.

#### **Highway Route No. 137**

One mile of new gravel construction completed the Turnpike to the Lincolnville line in 1932 and 1933 and surface treated with tar by the state in 1933. 800 feet of concrete was built on Mechanic Street in 1933. Additional regraveling and tar surface each year completed Route 137 to the Rockport line in 1935.

### **Highway Route No. 205**

Improvements made in 1933 and 1934 from town funds graveling and applying tar a distance of 0.6 miles, from end of concrete, together with 1.5 miles of gravel road rebuilt by State from Government funds in 1935 and 1936, and 1.2 miles of tar surface applied in 1936 from State Aid funds, completed this highway to Mansfield Four Corners.

### **Hosmer Pond Road**

2.0 miles were constructed in 1934 and 1935 from State Aid funds, and the tar surface was completed to west end of pond in 1936.

### **Melvin Heights Road**

1.3 miles built in 1932 and 1934 from Third Class funds, and completely surfaced with tar in 1935.

### **Roads at Megunticook Lake**

0.2 miles built in 1932 and 0.7 miles surface treated in 1933 completed road from Route No. 137 to Fish Hatcery. 1.7 miles built in 1934 and 1935 and tar surfaced in 1936 completed the loop around the Start and Megunticook Lake Road to the Fish Hatchery.

### **Village Streets**

2.3 miles of village streets have been constructed, and 3.1 miles have been improved by sufficient graveling for tar surface treatment during the past five years. At the present time 75% of the village

streets are either concrete, macadam or tar treated gravel and 54% of the mileage of out of town roads are surfaced with tar.

### **Bridges**

Three concrete bridges, over Megunticook River at Washington Street, Knowlton Street and Rawson Avenue, have been built within the past four years at a cost of nearly \$40,000. The State Highway Commission has rebuilt the bridges on Route No. 1. Battie Bridge has also been rebuilt, timber construction. Over \$7,500 has been expended within this period for corrugated metal culverts.

---

### **AUDITOR'S REPORT**

Camden, Me., Feb. 22, 1937.

I hereby certify that I have examined the books of the Selectmen and Treasurer of the Town of Camden and find them correct, and with proper vouchers on file.

JOHN L. TEWKSBURY,  
Auditor.

---

In the list of Unpaid Taxes on page 29, the amount of \$4.73 charged against the Caroline D. Talbot Estate was paid April 26, 1935.

## Report of Health Officer

---

The general health of our community insofar as contagious and infectious diseases are concerned, as reported to me, is extremely good as compared with many other towns.

The incidence of contagious diseases as reported to me for the past year is as follows:

Measles	2
Scarletina	3
Pneumonia	5
Typhoid	1
Meningitis	1
Mumps	4
Whooping cough	0
Diphtheria	0

Reporting by parents and householders has been practically nil, making our knowledge of the frequency of the more mild contagious very inaccurate. This should be corrected.

A moderate number of nuisances have been abated with no serious trouble with any one, most people being very co-operative when the matter was understood.

There are some old fashioned toilets and out-houses in the village that should be eliminated, but until a town ordinance covering this situation, is formed, nothing but enforcing cleanliness can be done.

The inspection of stores and restaurants has been quietly done, mostly without the knowledge of the

owners and proprietors. There is a generally high degree of care taken of all perishable foods and such things as needed protection from flies and dust.

The late influenza epidemic has been the worst affliction we have had this year, but even at that we have been more fortunate in the severity and fatalities than some of the surrounding communities.

The barber shops and beauty parlors seem to understand their duties with reference to the protection of customers and try to abide by the letter and spirit of the laws.

Our water supply remains good, the company having used all means to keep a clean, healthy supply available.

The occasional fishy taste that we get at certain times of the year is due to a minute vegetable growth called "algae" that are harmless though of course not agreeable.

One thing more I would like to emphasize is that our people are extremely lax in taking advantage of the protection that may be had against small pox and diphtheria as well as other diseases.

Every year free vaccination is authorized and offered but for the last five or more years only some two to ten children per year have had this applied. There are in this town hundreds of children ripe for small pox should a case appear. **THINK IT OVER.**

We have also been very fortunate in our incidence of diphtheria having had few cases during the last few years. The treatment is generally satisfactory, but in the more severe cases it is always a case of "life or death." So no one in this day should take any chance of contracting the disease. The protec-

tive inoculations are now simple and safe and give practically a lifetime safety in a very large percent of all children.

So why take any chance?

J. G. HUTCHINS, M. D.

Health Officer for Camden.

## REPORT OF DISTRICT NURSE

Year ending January 31, 1937

Number of house calls made	1,154
Number of patients	184
Number of Metropolitan calls	117
Number of Welfare and follow up	155
Number of obstetrical cases	24
Number of hours at school	108

The school work has been carried on by the usual routine of weighing and measuring, physical examinations, inspection of the eyes and teeth. The High School pupils were examined by local dentists and optometrists this year instead of by the district nurse, which gives them a more thorough examination.

In April a Dental Clinic was held with 49 children receiving full dental corrections. In the two grade buildings 215 children brought dental certificates.

The Home Nursing Class was continued this year with instruction in bed making, with and without a patient, temperature reading, pulse counting and bathing a patient.

The first aid instruction was given by Mr. Milford Payson.

A pre-school clinic was held on August 28 at the Grammar School where 16 children received complete physical examinations by Dr. H. G. Tounge.

A baby conference was organized in February for babies and pre-school children. These conferences have been held at the American Legion Hall on the third Friday of each month but is now being held on the third Tuesday at the Congregational Parish House from 2 until 4 P. M. The doctors have been kind enough to give us a few minutes away from their offices to give a talk which is of interest to mothers of young children. As yet the attendance has been small but we hope mothers will want to come as they realize the benefits derived from these conferences.

FLORICE Q. PITCHER, R. N.

### **MILK INSPECTOR'S REPORT**

44 licenses issued in 1936 to milk dealers selling milk and cream in Town of Camden.

53 samples of milk and cream have been sent to the State Laboratory for tests.

Printing the results of tests in Camden Herald, and frequent visits to source of supply has been beneficial, as I find all dealers are anxious to have clean milk and of good quality.

RICHARD HAMMOND

## *Report of Fire Department*

---

The Reo truck that was bought in the Spring of 1921 for \$5,000 and has done about all of the work in still alarms and telephone calls since that time, is now practically out of service. The frame is broken on both sides and temporarily trussed up; the pump is completely worn out; the tires have been on the truck for ten years; the front axle and bushings are all worn out the front wheels are beyond repair; the hose body is rotting and falling apart; we are using the second motor and the third radiator. . . . We do not consider this a safe machine to have on the road, as it endangers the life and property of others.

We try to keep the personnel of the department to a very high standard, thus far, I think we have been successful.

The much discussed drills we hold twice a month in the summer are doing much to keep the efficiency of the department at a high standard. The men are taught to do things the most modern and most economical way, as in everything fire extinguishing methods are advancing by leaps and bounds, and we are trying to keep up with the times. The work that is being done by our Volunteer Police seems to be a hardship to some, but it is a great help to the department as it gives the firemen a chance to move around at the fire without first moving a lot of people and automobiles, and I think their work should be praised.

## Causes of calls for 1936:

Chimneys, 67	70.50 %
Brush or rubbish, 7	7.47 %
Oil stoves or burners, 4	4.20 %
Automobiles, 4	4.20 %
Stove and furnace pipes, 3	3.17 %
Electric wires, 3	3.17 %
Unknown, 3	3.17 %
False, 3	3.17 %
Tar kettle, 1	1.05 %
Total calls, 95	

## In answering these alarms we used:

5000 feet of 2½ inch hose

980 feet of ¾ inch hose

32½ gallons soda and acid chemical

4 gallons Stop Fire chemical

840 gallons water from Booster tanks

2834 feet ladders

103 hours in service, using 903 men, covering 151 miles

**Comparison for 5 years**

	No. Calls	Fire Loss
1932	96	\$28,970 00
1933	83	7,173 00
1934	103	3,280 00
1935	130	36,319 00
1936	95	18,140 00

In closing, may I once more express my sincere appreciation to the members of the Camden Fire Department, Town Officials and the Citizens of Camden for the splendid spirit of co-operation that I have received from them during the past years.

ALLEN F. PAYSON

Chief, Camden Fire Department

## *Report of Town Manager*

---

In following the recommendations made by the committee for standardization of Maine Town Reports, it has been necessary to make some changes in reporting appropriation accounts, and in the arrangement of statements and reports.

The principal changes in our report are as follows: the State Auditor's report covers the report of Tax Collector and Treasurer, and their Summary of Accounts is printed in full; appropriation accounts in general explain from what money is received and paid, instead of from whom received and to whom paid; the index on the last page will be of assistance.

For the benefit of those interested in to whom town money is paid, the former method of reporting expenditures printed in the March 4 issue of the Camden Herald, or may be seen at the Selectmen's Office.

From the financial statements it will be noted the Town is in a sound condition, even though there is a large amount of uncollected taxes which resulted in not paying the State Tax in full for 1936; a cash balance that will safely care for current expenses until new appropriations are made, and a substantial net unexpended balance to reduce the net Town Debt.

The overdrawn accounts can be explained satisfactorily. The Incidental Account has suffered severely the past few years on account of reduction from the Bank Stock Tax from the State of Maine.

Five or six years ago the amount was more than \$2,500.00. In 1935 the amount was \$1,294.41, and this past year we received only \$761.15. It probably is necessary to make an appropriation from town money to make up for this reduction from the state.

The road appropriations show an overdraft principally on account of constant freezing and thawing from early in the fall to date, causing constant repairs on the highways; and from the fact that it was necessary to expend town money to tar the Hope Road and to match funds with W. P. A. labor on Molineaux Road. The lack of snow has helped to compensate for these overdrafts.

The cause for overdraft in Poor Account is that the Old Age Pensions were not received as early as anticipated. It was assumed that these pensions would start in early summer instead of late fall, and in some cases they have not yet been received.

It might be interesting to show a comparison of charity account expenditures covering a period of seven years along with uncollected taxes for the same period, as both accounts seem to be more or less constant prior to the beginning of the so-called "depression" and have mounted by leaps and bounds since that time. The year 1935 we hope was the peak and that next year and the years to follow will show a decline.

	Uncollected taxes	Expended for Charitable aid
1930	\$ 530 22	\$ 7,413 77
1931	3,150 79	10,522 80
1932	4,737 81	10,653 39
1933	8,788 59	12,266 37

---

1934	13,730 13	15,537 75
1935	16,022 28	18,808 77
1936	13,516 80	13,257 52

A statement has been inserted in the report covering a five-year period of improvement to the roads and bridges, which has been done without additional appropriations, a pay as you go proposition that speaks for itself.

Three sheets of Assessors' Plans were completed this year, a total of four to date. Cuts have been made and inserted in the report which will preserve a permanent record of ownership as of 1936. If any errors or omissions are found, it will be appreciated if reported to the Selectmen's office.

A survey has been made for the new cemetery, and plans are being made which will soon be submitted to the Cemetery Association. About 900 yards of sand and gravel has been taken from the pit at the back end of this lot, which was used on sidewalks, sanding streets, tar mixture and by the state patrolman on State Aid Roads.

Considerable progress has been made in cleaning up the water front property, which is appreciated by all citizens, from the standpoint of appearance and from the amount of employment furnished during the winter months.

**SCHOOL BUDGET RECOMMENDED FOR**  
**1937-1938**

School Fund Account	\$34,000 00
Industrial Account	2,050 00
Health Department	300 00
Insurance	600 00
Repairs	800 00
	<hr/>
	\$37,750 00
Amount raised last year	37,821 10

This is my fourteenth annual report as superintendent of Camden schools and the forty-sixth in the series of superintendent's reports.

We have been able to keep within the appropriations with the one exception of repairs and in this account there seemed to be no other wise way.

Our income for next year in the School Fund account will fall off more than \$300 due to a less number of tuition scholars in the high school and we are asking for an appropriation of \$130.00 less in this account.

We have made a change in the high school program to meet the requirements of the State Department of Education and this necessitated a two-session day. We are now on a rotating schedule of five one hour periods each day and a seven period program. I believe that this is a step forward in many ways.

The Household Arts teacher has arranged to serve one hot dish at noon for those who remain during the noon hour and we have done away with

serving "hot dogs" and candy. This lunch is served at a nominal cost.

There are several recommendations that I wish to make for improving our school program. There is a need for a special teacher for boys and girls who do not fit into our regular class programs. I do not believe in retarding pupils. Children, like adults, differ in intellectual capacity, in the mental, physical and emotional habits that make up personality and we should not expect uniform progress. It doesn't seem to me that there is any sound reason for subjecting any child to the humiliation of school "failure." The fault is with the "system", that we have a standard for all children regardless of their differing abilities. Some of these children would be able to get through Visual Education what they are unable to get in a book. A projector for use in Visual Education would be a great improvement in our teaching program.

There is a need for a Physical Education teacher in Camden. One of the greatest problems we as citizens today must meet is the problem of leisure time. It appears that this will be an ever increasing problem and our responsibility is to see that the leisure time of America shall be an asset rather than a liability. We should look upon the play period in child life not as a pasttime but as a definite developing period to be carried over into adult life. I believe that there is no better opportunity for teaching the fundamentals of right conduct than in the child's play period whether on the ball field, the playground or the back yard. A physical education teacher is trained not only to develop the muscles

of the physical body, but to develop in the minds of boys and girls a right spirit for fair play and right conduct which will carry over into all school programs and also into adult life, a character building program which means better citizenship.

I am grateful to all who have helped in any way to make our schools better.

Respectfully submitted,

CHARLES E. LORD

Superintendent

## *Special Town Meetings*

---

**May 6, 1936**

Art. 2. To see if the town will vote to rescind the vote on article 44 of the warrant of the Annual town meeting last held, whereby it was voted to purchase the property of Isadore Gordon on the water front, for a public landing, and to pay for the same by an issue of serial bonds not to exceed ten thousand dollars.

Art. 3. To see if the town will vote to rescind the vote on article 43 of the warrant of the annual town meeting last held, whereby it was voted to raise by assessment the sum of twenty-five hundred dollars to purchase the property of Ada Mills on the Hosmer Pond Road for cemetery purposes. The purchase being subject to the written approval of the officers of the Camden Cemetery Association.

Art. 4. To see if the town will vote to sell the Yacht Club property so-called, or use the same for a public landing.

Art. 5. To see if the town will vote to authorize the selectmen to sell and convey to Clarence H. Thomas, a lot of land westerly of the lot now owned by the said Clarence H. Thomas, said lot to be 5 rods parallel to Knowlton street and eight rods deep, containing one-quarter acre.

**Action Taken at This Meeting**

Art. 2. It was unanimously voted by a show of hands to pass the article over.

Art. 3. It was unanimously voted by a show of hands to pass the article over.

Art. 4. It was unanimously voted by a show of hands to pass the article over.

Art. 5. It was voted to sell the land, the terms of the sale to be left to the selectmen.

On motion of Mr. J. H. Hobbs, a rising vote of thanks was enthusiastically given to Mrs. Mary Louise Bok, in appreciation of all her gifts made to the town in the past and also for the generous offer of a gift of fifteen thousand dollars to be used toward the beautification of the water front property.

**June 2, 1936**

Art. 2. To see if the town will vote to issue serial bonds to an amount of ten thousand dollars for the purchase of the Gordon property for the public landing, as follows: Bonds to be dated July 1, 1936; rate of interest to be set at this meeting, payable semi-annually on the first day of January and July in each year, said bonds to mature as follows: \$2,000.00 on the first day of July in each of the years 1941 to 1945 both inclusive, said bonds shall be in coupon form and signed by selectmen and treasurer and the coupons shall be authenticated by the facsimile signature of the treasurer; said bonds shall be in the denomination of \$1,000.00 each. All particulars including form, issuance and sale of bonds to be determined by the selectmen. Said bonds shall be designated as Water Front Improvement Bonds.

**Action Taken By The Voters At This Meeting**

Art. 2. The Article was unanimously adopted with rate of interest being fixed at 3% per annum, payable semi-annually on the first day of January and July in each year, said bonds to mature as follows: \$2,000.00 on the first day of July in each of the years 1941 to 1945, both inclusive.

**October 2, 1936**

Art. 2. To see if the town will vote to accept as a gift, the property now owned by the Camden Outing Club at Hosmer Pond.

Art. 3. To see if the town will rent the above property to the Camden Outing Club annually, for the amount equal to that which the town is now receiving for taxes on the property.

**Action Taken At This Meeting**

Art. 2. Voted to accept from the Camden Outing Club, the gift as outlined in the warrant.

Art. 3. It voted to rent to the Camden Outing Club as specified in the warrant.

# Town Warrant

---

## STATE OF MAINE

KNOX, SS.

To Harry A. Sylvester, Constable of the Town of  
Camden in the County of Knox.

Greeting:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Camden, qualified by law to vote in town affairs, to meet in the Opera House building in said town, on Monday, the 8th day of March, A. D., 1937, at nine o'clock in the forenoon, the polls to be opened at 9.15 in the forenoon, and kept open at least four hours thereafter, to act on the following articles, to wit:

1. To choose a Moderator to preside at said meeting.

2. To hear and act upon the report of the town officers.

3. To elect a clerk, three, five or seven selectmen, assessors and overseers of the poor, treasurer, auditor, tax collector, and school committee.

4. To elect a budget committee of not less than twenty-one, nor more than twenty-five citizens, representing all sections of the town, to assist the town officers during the fiscal year, and to make recommendations at the next annual town meeting concerning all articles in the warrant.

5. To see what sum of money the town will vote to raise for the repair and construction of roads and bridges for the ensuing year, and how the same shall be raised.

6. To see what sum of money the town will vote to raise for breaking roads and removing snow for the ensuing year, and how the same shall be raised.

7. To see what sum of money the town will vote to raise for the support of the poor for the ensuing year, and how the same shall be raised.

8. To see what sum of money the town will vote to raise to defray the salaries and incidental expenses, and how the same shall be raised.

9. To see what sum of money the town will vote to raise for the maintenance of elementary and secondary schools, and how the same shall be raised.

10. To see what sum of money the town will vote to raise for the repair of schoolhouses, and how the same shall be raised.

11. To see what sum of money the town will vote to raise for insurance of schoolhouses, and how the same shall be raised.

12. To see what sum of money the town will vote to raise for industrial education, and how the same shall be raised.

13. To see what sum of money the town will vote to raise for medical inspection in our public schools, and how the same shall be raised.

14. To see what sum of money the town will vote to raise to pay the interest on the town debt, and how the same shall be raised.

15. To see what sum of money the town will vote to raise to pay on the town debt, and how the same shall be raised.

28. To see what sum of money the town will vote to raise to spray, trim or otherwise protect our shade trees, and how the money for the same shall be raised.

29. To see what sum of money the town will vote to raise towards defraying the expenses of the District Nurse, and how same shall be raised.

30. To see if the town will authorize the treasurer and selectmen to negotiate temporary loans as they may deem necessary, to pay municipal indebtedness for the current year, and the sums so borrowed to be paid out of moneys raised by taxes for the current municipal year. All loans to be in conformity with Section 83, Chapter 5, of the Revised Statutes.

31. To see what sum of money the town will vote to raise for the lease and care of the town dump, and how the same shall be raised.

32. To see what sum of money the town will vote to raise for the maintenance of sewers and catch basins, and how the same shall be raised.

33. To see what sum of money the town will vote to raise for maintenance of third class roads constructed with State funds, and how the same shall be raised.

34. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20, Chapter 28, Revised Statutes of 1930.

35. To see what sum of money the town will appropriate and raise for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175, Public Laws of 1933.

36. To see what sum of money the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads built within the past five years, in accordance with the provisions of Chapter 271, Public Laws of 1931.

37. To see what sum of money the town will vote to raise for improvement and care of the public beach, and how the same shall be raised.

38. To see what sum of money the town will vote to raise in preparation of assessors' plans, and how the same shall be raised.

39. To see what sum of money the town will vote to raise to participate in the Federal Works Progress projects, and how the same shall be raised.

40. To see what sum of money the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5, Section 82, of the Revised Statutes, and how the same shall be raised.

41. To see if the town will vote to purchase a 500 gallon Pumping Engine, mounted on Fire Truck of standard make, to replace the Reo, how much money it will raise and appropriate therefor, and how the same shall be raised.

42. To see what sum of money the town will vote to raise for the maintenance of traffic lights, and how the same shall be raised.

43. To see if the town will vote to light the Arch on Union Street, what sum of money it will raise for said purpose, and how the same shall be raised.

44. To see if the town will vote to install a street light on High Street in front of Pettapiece Hospital, how much money shall be appropriated therefor, and how the same shall be raised.

45. To see if the town will vote to resurface the western side of Main Street, beginning at Tannery Lane and extending to Central Street, how much money shall be appropriated therefor, and how same shall be raised.

46. To see if the town will vote to widen and rebuild Harrison Avenue, how much money shall be

appropriated therefor, and how the same shall be raised.

47. To see if the town will vote to widen and rebuild Highland Avenue from Chestnut Street to residence of Harry Joy, how much money shall be appropriated therefor, and how the same shall be raised.

48. To see if the town will vote to surface with gravel the right of way leading from State Highway Route No. 1, to Sherman's Point, how much money shall be appropriated therefor, and how the same shall be raised.

49. To see if the town will vote to widen and rebuild Gould Street from Mt. Battie Street to Mountain Street, how much money shall be appropriated therefor, and how the same shall be raised.

50. To see if the town will vote to widen and rebuild Spring Street and Harden Avenue from Mountain Street to the end of the tarred surface on Harden Avenue, how much money shall be appropriated therefor, and how the same shall be raised.

51. To see if the town will vote to change the name of Harden Avenue from Capt. Husby's residence to Megunticook Street, and to make this a part of Spring Street.

52. To see if the town will vote to accept Bisbee Street, between Blake and Mill Streets.

53. To see if the town will vote to construct a sidewalk on the east side of Central Street, from Trim Street to Cross Street, how much money shall

be appropriated therefor, and how the same shall be raised.

54. To see if the town will vote to build a sidewalk on Highland Avenue from Chestnut Street to the residence of Harry Joy, how much money shall be appropriated therefor, and how the same shall be raised.

55. To see if the town will vote to authorize the Selectmen to sell and convey to Curtis Weed, a lot of land bordering on and westerly of the lot now owned by said Curtis Weed, said lot to be five rods parallel to Knowlton Street, and eight rods deep, containing one quarter acre.

56. To see if the town will vote to authorize the Selectmen to sell and convey to Hale Handley, a lot of land bordering on and westerly of the lot now owned by said Hale Handley, said lot to be five rods parallel to Knowlton Street, and eight rods deep, containing one quarter acre.

57. To see if the town will vote to reestablish and accept the Russ Road, from the Hosmer Pond Road to the Rockport Town Line, which the town voted to discontinue at the annual town meeting in March, 1933.

The Selectmen give notice that they will be in session for the purpose of correcting the voting list, Saturday, March 6, 1937 from 2 P. M. to 5 P. M.

The polls will open for voting March 8, 1937, from 9.15 A. M. to 1.15 P. M.

---

Given under our hands this twenty-second day of  
February, A. D., 1937.

JOHN T. SMYTH  
WINFIELD S. RICHARDS  
ALLIE U. DOUGHERTY  
MAURICE E. PAYSON  
RALPH W. JOHNSON  
Selectmen of Camden
